The menu front is a replica of the one used by the *Silver Skillet's* first patrons in May 1956. The original owners purchased the horse pictures that you see hanging on the wall for their daughter, and they continue to be a part of *The Silver Skillet* as our good luck charms.

In May, 1967 George & Louise Decker purchased *The Silver Skillet*. George successfully operated the restaurant for 21 years until his passing in 1988. Teresa, his daughter, having grown up in the business, continues the tradition of dedication to good service and good food.

Because of its period atmosphere, *The Silver Skillet* has been featured in several movies, commercials, videos and print ads.
